Doesn't look like I can add my Skype link to your meeting. If its ok with you, I'll just create a new invitation using your agenda.

Thanks,  
Drew

OK, I updated the invite with a few more names, do you want to use the 'reply all' to make your own skype invite for the call?

Or would it be easier for me to add the skype info to the current invite?

That works for me, Andy.

I'm happy to send the meeting invitation with a Skype link. Would be best if I'm Owner of the webinar.

Thanks,  
Drew

Drew, Tim – at the moment there are three concurrent meetings Thursday 3-4: Tim's exposure PFAS meeting, the PFAS-agriculture briefing I set up, and the long delayed OW-ORD call on the PFAS data explorer.

I am reluctant to skip the ORD-OW meeting since it has taken so long to get the AAs together. Tim, I assume will lead the exposure meeting, so my participation there is not critical.

Drew, would you be comfortable leading the demo of the PFAS-Ag toolkit? I can set up the adobe, make you a host so you can show what we have done; or if you are more comfortable with Skype, you could set up a skype call and I can add it to the invite if you tell me how.

Let me know what you think. Thanks, Andy
